Terms of service

...available upon request to verify status in the institution program, LiveText shall be under no obligation to provide access beyond the termination of this agreement. When LiveText services end, uninterrupted continuation of membership may be available, subject to commensurate renewal pricing, membership program components, and terms of service.

16. FEES AND REFUNDS

For memberships purchased by individuals if requested within 30 days of dated purchase receipt, a full refund will be credited back to the same credit card only if the LiveText membership has not been activated. Any activity history (e.g., authoring, assessing, reporting, sharing, or opening, etc.) in a LiveText account implies a "USED" status and therefore prohibits the account holder from receiving a refund of any kind.

If the membership has been provided by the institution, the issuance of the membership constitutes usage, and a refund is not possible.

17. GENERAL

This Agreement is to be governed by the laws of the State of Illinois.

 I have read it.
