

Key Performance Indicators for Community Partnership Schools

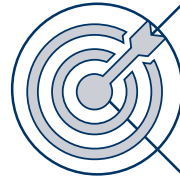

Purpose

- Identify indicators to be collected by grantees in the future
- Identify indicators to monitor implementation and impact on student outcomes
- Take the implementation of CPS to the “next level” with data-driven decision-making

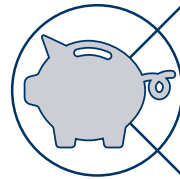

Driving Questions

What outcomes or outputs should be measured?

What measures are reliable and appropriate?

What is feasible to measure from a cost and effort perspective?

What data sources exist already that could be leveraged?

Process

Convene

- Two stakeholder groups
- Two two-hour convenings to make recommendations and address driving questions

Refine

- Stakeholders help to refine recommendations

Finalize

- Final recommendations for KPIs by fall 2020
