Primary Functions: Established in 2008, the CPNM improves policy and governance in partnership with communities from central Florida and worldwide to positively and collectively impact society through research and community engagement. To inclusively enhance lives and strengthen communities, the CPNM supports research of faculty and students in the School of Public Administration that is problem-oriented, theory-driven, and interdisciplinary…

Secondary: The CPNM also leads public service projects and offers unique, holistic, training and technical assistance to build nonprofit organizational capacity.

We invite the leaders and organizations in the public sector to join us by becoming a community partner and engaging with us for creative and scholarly collaborations. Opportunities include:

- Funded contracts of varying amounts for consultation needs
- Grant projects for larger research and capacity building projects
- Major research initiatives and institutes
Established in 2008, the CPNM **improves policy and governance** in partnership with communities from central Florida and worldwide to positively and collectively impact society **through research and community engagement**.
